STATE ROUTE 79 INTERSECTION SIGNAL PROJECT SAN JACINTO, CALIFORNIA

The California Department of Transportation (Caltrans) is installing traffic signals at the intersection of State Route 79 (San Jacinto Street) and Menlo Avenue in San Jacinto. This project will start at 7 AM, February 10, 2005 with an estimated completion date of March 23, 2005.

Contractors for Caltrans will be installing traffic signals that will control the flow of traffic in both the north/south and east/west directions at this intersection. Anticipate intermittent lane reductions throughout the length of the project. Caltrans suggest motorists use alternate routes.

Caltrans thanks motorists for their patience and cooperation during this project. Remember to always ***Drive with Caution, Stay Alert, AND SLOW FOR THE CONE ZONE.***
